Dear Parents,

Please take a moment to read the following update from Brady Middle School.

Brady Middle School Wins Awards from ODE

Ohio's State Board of Education has granted Brady Middle School two awards!

- Overall A Award - As an Overall A Award winner, Brady's report card shows our school is demonstrating high academic performance and building bright futures for students of every background and ability level.
- Momentum Award - As a Momentum Award winner, Brady's report card shows our school is committed to its students' success by ensuring students exceeded the growth expectations in English language arts and mathematics. Now in its fourth year, the Momentum Award is the State Board's way of recognizing schools that received A's on every Value-Added measure included on the Ohio School Report Cards.

“Every day, Ohio's schools do the challenging but rewarding work of educating our students and building the future of our state,” said State Board of Education President Tess Elshoff. “The State Board of Education is proud to recognize these students, teachers, administrators and parents for their accomplishments.”
