

Orange Schools Kindergarten Program Preschool Information

Dear Preschool Teacher:

January 2021

We are currently planning for the Orange Schools 2021-2022 kindergarten class. Information that you can provide to us about your student will be extremely important in preparing students for a successful transition from preschool to kindergarten. Please take a few minutes to comment on your student's strengths and challenges in the developmental areas of language, motor, academic, social/emotional and self-care. In addition, please attach the child's most recently completed grade card. All comments will be treated professionally and kept confidential. Thank you in advance for your time and attention to this matter.

We ask that your comments be returned to Moreland Hills Elementary School by Friday, February 26th, 2021.

Moreland Hills Elementary School
32000 Chagrin Boulevard
